Quiz Instructions

File to use for librarylog: [finallibrarylog.txt](#) 

File to use for booklist : [finalbooklist.txt](#) 

Answer the quiz questions on day 603 (end of log):

The first five are true and false questions indicating whether a certain action is possible or not.

Then there are three questions on late fees. Enter the names of the students who have late fees followed by their late fee. For example if the highest late fee is "Ishan B" with eighty You should enter Ishan B <without quotes> and then the number 80 in the fill in the blanks.

Finally for the usage similarly enter the full bookname along with the usage *rounded* to the closest integer. For example if the highest usage book is "Eye of the world, Jordan" with usage 24.55% enter Eye of the world, Jordan without quotes and then the number 25. *(If usage was 24.44% you would enter the number 24)* *(Your program need not do the rounding. You can do the rounding manually before entering it)*

Finally you must upload your code along with the answers. Please include some comments in your code indicating what the various sections are doing.

The score you get is tentative contingent on the actual checking of the code. If you write out the correct answers but then we find your code does not calculate the values correctly your score will be reduced accordingly.

Question 1

5 pts

Arjun G can borrow Eye of the world, Jordan for 6 days?

☒ True

☐ False

Question 2

5 pts

Piotr B can borrow Eye of the world, Jordan for 6 days?

- ☐ True
- ☒ False

Question 3

5 pts

Sunny P can borrow The gathering storm, Jordan for 6 days?

- ☒ True
- ☐ False

Question 4

5 pts

Arjun G can borrow String Theory, Suskind for 6 days?

- ☐ True
- ☒ False

Question 5

5 pts

Ishan B can borrow Loop Quantum Gravity, Gambini for 6 days?

- ☐ True

☒ False

Question 6

5 pts

The person with the highest late fee is . The fee is

Question 7

5 pts

The person with the 2nd highest late fee is . The fee is

Question 8

5 pts

The person with the third highest late fee is . The fee is

Question 9

10 pts

Book with highest usage is with usage %

Question 10**10 pts**

Book with 2nd highest usage is with usage %

Question 11**10 pts**

Book with 3rd highest usage is with usage %

Question 12**10 pts**

Book with 4th highest usage is with usage %

Question 13**10 pts**

Book with 5th highest usage is with usage %

Question 14**10 pts**

Book with 6th highest usage is

with usage

%

Question 15

1 pts

Please upload the py files you used in this project to calculate the answers.
